### Austrian Single For Promotion Of Hiking

To publicize and promote the hiking movement among the youth of the nation, Austria issued a special one Schilling dark carmine stamp May 17, with validity from May 20. The motif is a portrait of a young couple in hiking costume with a youth hostel and mountains in the background.

The design is the work of Adalbert Pilch, engraved by Rudolf Toth, with recess printing by the Austrian State Printing Works. The quantity produced is listed as 3,000,000 copies, according to data supplied by Edwin Mueller.

### September 24-25 Show By Cincinnati Society

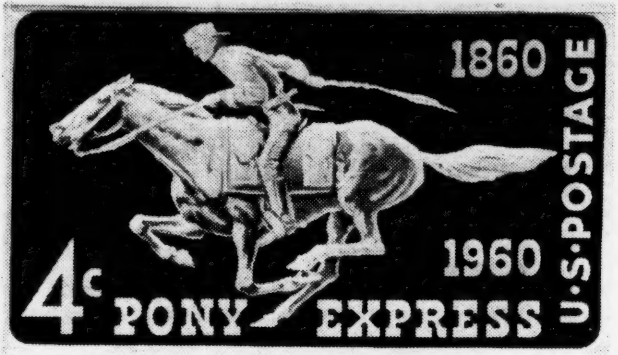

September 24-25 are the dates of this year's Central States Federation of Stamp Clubs convention and exhibition in Cincinnati, Ohio. The Philatelic Society of Cincinnati is sponsoring the convention in conjunction with its own annual show.

Copies of the prospectus are now being mailed to all member clubs. The site for this year's convention will again be the Hotel Sinton, on 4th St., in downtown Cincinnati. Further details from Gustav E. Gebhart, 347 Morrison Pl., Cincinnati 20, Ohio.

### Crawford W. Long Club New In Jefferson, Ga.

Newly organized in Jefferson, Ga. is the Crawford W. Long Philatelic Club, with Leon J. Pantell president. Miss Jewell Alexander is secretary-treasurer.

Meetings are held on third Thursdays, with the next one June 16 at the home of Storey Ellington in Jefferson, at 8 p.m. All area collectors are especially invited to attend.

A REALIGNMENT OF THE LETTERING combined with the horse and rider of the adhesive stamp's motif constitutes the embossed design of the July 19 Pony Express Centennial stamped envelope. It will be issued at St. Joseph, Mo. on the day the adhesive appears at Sacramento, Calif. A printing of 50,000,000 in brown has been ordered, for subsequent distribution to post offices generally.

### UN Pair August 29 For World Forestry Congress; Other UN Details, New FF Arrangements

The United Nations Postal Administration has released a photograph of the third commemorative set of 1960, to be issued August 29 to note the Fifth World Forestry Congress. The Congress will be held in Seattle, Wash., August 29-September 9.

The 4c and 8c stamps will be multicolored and photogravure printed by the Government Printing Bureau, Tokyo, Japan. Colors will be the same for both values—dark blue, dark green, two shades of blue green, and orange.

The designer of this set is O. Hamann (Denmark) of the UN Graphic Presentation. His design was selected from 30 excellent submissions to the UN Postal Administration by the following artists: R. ud-Din (UN Graphic Presentation); J. Ducas (U.S.), A. Guerra (U.S.), L. Helguera (Mexico), G. Harmori (Australia), O. Mathiesen (UN Graphic Presentation), A. Medina (Uruguay), P. Mattioli (U.S.), L. Mitchell (New Zealand), W. Numeroff (U.S.), R. Perrot (UN Graphic Presentation), K. Plowitz (UN Graphic Presentation), and W. Woyty-Wimmer (United Kingdom).

The printing quantities ordered are: 4c—3,000,000; 8c—2,750,000. Further details about the adhesives and instructions regarding the purchase of first day covers will be released approximately six weeks before the first day of issue.

Withdrawal of stamps from sale—Collectors are reminded that June 30 will be the last day of sale for the 4c and 8c UN Day stamps 1958 (Continued on page 7)

### Regular Airmail Stamp, Coil, Booklet, And Envelope To Be "Fire Red"; July 19 FD Data

Design details and first day instructions for the July 19 Pony Express embossed stamped envelope have been released by Postmaster General Arthur E. Summerfield. In almost the next breath he literally overwhelmed this news with the announcement that four new 7c regular airmail items will appear within the next five months.

This brings the 1960 total of scheduled issues to 36, with bright prospects for No. 37 to mark Japanese-U. S. amity, and pressure mounting for a commemorative for the sesquicentennial of Mexico's independence.

Mr. Summerfield explained that as a means of facilitating the handling of airmail letters the various 7c airmail stamps will hereafter be printed in a distinct shade of red. This color, or close approximations of it, will not be utilized for other stamps in the future.

This change will become effective as soon as existing stocks of the 7c blue airmail stamp are exhausted, about September 1. Orders have been placed with the Bureau of Engraving and Printing to commence production of the current 7c airmail design in a "fire red" shade.

An order has also been placed with the International Envelope Corp. in Dayton, Ohio, to begin printing the 7c embossed airmail envelope in the same color.

The 7c airmail stamp in sheet form (panes of 100 subjects) will be placed on sale at Arlington, Va. on August 12 in conjunction with the annual convention of the American Air Mail Society. This group will meet at the Marriott Motel in Arlington, August 12-14.

Collectors desiring first day covers of this new fire red stamp (sheet form) should send addressed envelopes to the postmaster, Arlington 1, Va. in the regular manner. The envelope to the postmaster should be endorsed "First Day Covers 7c Airmail Stamp".

The 7c embossed airmail envelope in fire red will be first placed on sale August 18 at Portland, Ore. in conjunction with the 74th annual convention and exhibition of the American Philatelic Society. This affair, sponsored by the Oregon Stamp Society, will be held at the Sheraton-Portland Hotel August 17-21.

Collectors desiring first day cancellations of this new fire red 7c airmail envelope, standard 6 1/4 size only, may submit orders to the postmaster, Portland 8, Ore. for a reasonable number of envelopes, plainly indicating full name and address, with remittance to cover the cost, which is 8c each. Gummed address labels may be sent. The envelope to the postmaster should be marked "First Day Covers 7c Envelope".

The booklet form 7c fire red airmail issue will have its first day sale at St. Louis, Mo. August 19 in conjunction with the 66th annual convention and exhibition of the Society of Philatelic Americans. This is to be held at the Sheraton-Jefferson Hotel in St. Louis August 18-21, with the Mound City Stamp Club as host.

Collectors desiring first day cancellations of the 7c airmail booklet panes may send addressed envelopes to the postmaster, St. Louis 55, Mo. Covers will be serviced only with full panes of six stamps, thus requiring a remittance of 42c for each cover submitted.

The booklet panes will measure approximately 3 3/4 inches wide by 1 3/4 deep, with the panes arranged horizontally (three stamps wide, two deep). A space conforming with these dimensions should be left in the upper right corner of each envelope for the affixment of the pane. The outside envelope to the postmaster should be endorsed "First Day Covers 7c Airmail Booklet Panes".

The 7c airmail in coil form will be first placed on sale October 22 at Atlantic City, N. J. in conjunction with the annual convention of Aero Philatelists, Inc. This group will meet during the 25th anniversary exhibition of the Assn. of South Jersey Stamp Clubs, SOJEX, October 21-23 at the Jefferson Hotel.

## New Zealand Hits Stamp Jackpot

Recent announcements by the New Zealand Post Office Department are that production of the new regulars in values of 1/4d through one Pound is sufficiently well advanced to permit announcement of the day of issue of a round dozen of them.

The values of 2d, 4d, 1/-, 1/3, 1/6, 1/9, 2/-, 2/6, 3/-, 5/-, 10/-, and £1 will be released at all post offices July 11. The remaining members of the set—1/4d, 1d, 3d, 6d, and 8d—will appear "later".

The entire 17 adhesives will publicize New Zealand's natural attractions and her commercial activities. Four of the 17 (2, 3, 4, and 8d) are in four colors, the remaining vary from monochrome to three-color presentation. All are photographic prints.

The pence values depict flowers, in large upright format. They are being printed by De La Rue and Co. Ltd., London, while the shilling items are being done by Harrison & Sons Ltd., of the same city.

Of the latter the first four are in small format with two upright and two vertical. The 2/- and up are in the large commemorative size, with three each vertical and horizontal.

Denominations, subjects and colors of the entire set are listed as: 1/4d Manuka, green and plum; 1d Karaka, orange, green, and brown; 2d Kowhai-Ngutu-Kaka, red, yellow, green, and black; 3d Kowhai, yellow, brown, green, and blue gray; 4d Puarangi, cream, plum, green, and light blue; 6d Pikiarero, green, light and dark green; and 8d Rata, red, yellow, green, and gray.

Shilling values are 1/- timber industry, green and dark brown; 1/3 Trout, brown, blue and pink; 1/6 Tiki, bronze green and red brown; and 1/9 aerial top dressing, khaki.

The 2/- with Maori rock drawing is buff and black; 2/6 butter making, yellow and light brown; 3/- Tongariro National Park and Chateau, charcoal; 5/- Sutherland Falls, bottle green; 10/- Tasman Glacier, steel blue; and £1 Pohutu Geyser, wine.

First day service will be provided only for overseas patrons, but no official envelopes are offered. The Post Office will supply plain white envelopes and affix stamps at 1/4d for the cover plus face value of the stamps.

If covers are supplied, the service fee is only 1d. plus face of the stamps. Orders must reach the Stamps Division, GPO, Wellington, N. Z. not later than June 30.

Persons living in New Zealand are required to service their own covers or get them through agents.

9d. Flag stamp - Arrangements are being worked out for the addition of a 9d stamp to the new series, this adhesive to depict the New Zealand Flag. It is expected to be ready for issuance along with the remaining five of the pence values, according to the POD pronouncement.

New stamp paper recently introduced, composed of 25 per cent each of rag and Birch wood, and 50 per cent of Esparto, is proving satisfactory, and will continue in use. It is designated as "NZ star" paper.

The 1960 Health Stamps will feature native birds. The Kotare (Kingfisher) will appear on the 3d plus 1d, with the Kereru (Wood Pigeon) on the 3d plus 1d. Again this year sheets will be of 120 subjects, while miniature sheets of six will also be offered. Date of issue will be August 10, with sales to the end of November.

Queen Elizabeth II stamps will not be withdrawn upon the appearance of the new regulars. Instead, they will continue as long as stocks last; the POD mentioned that some values are in short supply and may become exhausted "within a short period".

Cook Islands Stamps gained a new item April 1 with the release of an overprinted 1/6 to meet the airmail rate to many countries. The basic value is the former 5d showing a DC3 plane on the runway at Rarotonga Airport. The 5d's were withdrawn from sale at the close of business March 31.

## A Korean Philatelic Agency

To show the world wide interest in Linn's Weekly Stamp News, we can tell you that in many parts of the globe we have subscribers who want to keep up to date on world wide and especially United States philatelic matters, and so have provided funds for sending their weekly copy to them by airmail. It is due to this fact that on May 15 we received a letter from Seoul, Korea, dated May 1 which was quite a lengthy reply to our editorial of May 2. In other words, or May 2 number, printed on Monday April 25, was airmailed to Seoul and reached our subscriber there in time so that he was able to write us a letter dated May 1 a day before date line of our May 2 paper. We have had incidents of this nature happen in the past. They should show you just how widespread and how quick we receive world wide news and information in the World.

GEORGE W. LINN

We have all been aware due to newspaper and television coverage of the unrest in Korea in the past month or more. Our correspondent, who is a man in a high position in U. S. government circles, knew very well that we would be aware of the political situation in Korea so said but little about it other than that in addition to the opposition to President Rhee, that there had arisen a strong opposition because of an attempt on the part of one of the present philatelic agency operators to make a contract with the Rhee government for a Korean philatelic agency.

We are further advised that Korean collectors and dealers have arisen in opposition to this attempt to demote Korean stamps and Korean philately.

For centuries Korea was under Chinese influence and Chinese stamps were used. In 1884 the first Korean stamps were issued and these have been much sought by collectors, the world over.

In 1895 Korea declared itself an independent monarchy and used Korean stamps until 1904 when Japan assumed control of the country. Annexation to Japan followed in 1910. However Japanese stamps were used in Korea from 1905 to 1945.

Following World War II, the American forces occupied South Korea and the Russians occupied North Korea. The dividing line was the 38th parallel of latitude. The present republic was formed in 1948 and includes South Korea. North Korea issues stamps under Russian Occupation. On page 679 of the current Scott Catalogue we find this paragraph, quote... "Stamps issued by the Korean People's Republic have not been listed because the U. S. Treasury Department (Foreign Assets Control Section) has prohibited their purchase abroad and importation."

This of course refers to the stamps of North Korea which like the stamps of Communist China are forbidden to be trafficked in by American stamp dealers and collectors.

Thus far the stamps of Korea have been comparatively clean with little evidence of exploitation of collectors. Perhaps the most unnecessary and least needed issue was the large flag series of 1951.

Should Korea fall into the clutches of a philatelic agency in this or any other country we all could shudder at what might happen.

## Congratulations To Stamp Wholesaler

But mostly congratulations to Lucius Jackson for it is he who has made Stamp Wholesaler what it is today. By any other name the Stamp Wholesaler could have achieved what it has achieved today but all that is as we have said, the work of Lucius Jackson and it is to him that the credit belongs.

The great success of the Stamp Wholesaler has made it necessary to enlarge the publication. On June 10 the 25th anniversary of publication will be here. On this date a new format will be used. Pages will be 8 1/2 x 11 1/2 inches in size. A new cover will be featured. A complete new layout and arrangement will greet subscribers. Again, our congratulations to Mr. Jackson and let us hope that he will continue to go along with us and work for the best interests of the wonderful hobby of stamp collecting.

We believe Mr. Jackson has tried to be fair in his editorial policy. His field is somewhat different than ours. His clients are the stamp dealers, while ours consists of both dealers and collectors.

Mr. Jackson's customers are as we have said, the stamp dealers. He should be obligated to his customers to strongly support those who conduct their business in an honorable manner and at the same time he should attempt to discipline those who do otherwise. The results from such action on his part would be for the betterment of relations between dealer and collector. It would further help those dealers who deserve assistance in their attempts to help weed out the parasites who feed on inexperienced collectors.

One of the problems we have is the complaint of collectors who send payment to a dealer for something he offers. Then they get no reply that the money has been received; they get no goods as ordered. After a few weeks they write the dealer who pays no attention to their letters and then they write us. This seems to be a practice of just a few dealers. There is but one way to stop this kind of dealer and that is to form a close association of publishers of philatelic papers. When such dealing is done it should be the duty of the publisher who carried the advertisement to advise the dealer that further complaints of a similar nature would be reported to all other publishers and that advertising will hereafter be refused by all. That is the only way such situations can be cured. If one publisher drops their advertising today, there are several others who will take it and the dealer can continue in his reckless way.

## Penny Black Sheets In Gotham Exhibition

The world's first postage stamp, Britain's historic Penny Black, will be on display at the British Exhibition June 10-26 in the New York Coliseum.

Two complete proof sheets, valued at over \$1,000,000 each, will be seen in the British General Post Office exhibit. They have never before been exhibited in the U. S. The two sheets differ as one was pulled before the corner check letters were added, while the other has letters.

The Penny Blacks, issued in 1840, marked two firsts in the postal field. They inaugurated the practice of paying for postage in advance. Also, previous to the use of the Penny Blacks postage was determined by the distance the letter had to travel, not by weight. One Penny Black would cover a letter weighing a half ounce, sent anywhere in the United Kingdom.

## Marion Plans June 3-4 Grant County "Y" Show

Ribbons will be awarded contestants, with daily door prizes. Ten stamp dealers from the area will operate a bourse, and a stamp auction is to be held at 4 p.m. Sunday.

## Stamp Cataloging \$3 Brings \$700 At Sale

A used copy of the 2c "Black Jack" Jackson U. S. stamp of 1861-66 catalogs \$3. Such a copy was auctioned by H. R. Harmer & Co., New York firm, May 16 for \$700 to an agent for an overseas bidder.

The stamp is a superb example of the merit of condition, being described as "fantastic copy" with wide margins and perfect centering. It is possibly the finest used "Black Jack" existing. Other quality rarities did well, with a 4c blue Columbian color error (cat. \$1250) in superb condition hitting \$1550.

Similarly, a 1901 1c Pan-American invert topped its \$850 catalog listing by an added \$125. 1847-69 covers in prime condition followed the same trend, according to a spokesman for the firm.

## Cincinnati Society To End Season With Auction

The Cincinnati (Ohio) Philatelic Society has booked its final stamp auction of this season, to be held the night at 8 p.m. June 6 at the Cinti Club, 8th and Race St. Some fine lots, including many U. S. items, foreign mixtures, covers, will be offered. All collectors have a special invitation to attend.

No meetings will be held during July and August. Information concerning the club and the coming auction may be obtained from the secretary, Clarence Wissel, 3110 Pickbury Dr., Cincinnati 11, Ohio.

## REGULAR AIRMAIL (Continued from page 1)

collectors desiring first day covers of this stamp, horizontally perforated, may send addressed envelopes to the postmaster at Atlantic City, N. J. in the usual manner. It is recommended that no more than two stamps be requested for affixment to each cover as it will be practically impossible to cancel a longer strip attractively. The outside envelope to the postmaster should be endorsed "First Day Covers 7c Coil Stamp".

In sending envelopes to the postmasters at Arlington, St. Louis, and Atlantic City it is suggested that a close fitting enclosure of postal card thickness be placed in each envelope and the flap either turned in or sealed.

Envelopes submitted should be of ordinary letter size and each must be properly addressed. An envelope must not be sent for the return of first day covers, and orders for covers must not include requests for uncanceled stamps. Mint 7c airmail stamps in sheet and coil form may be ordered from the Philatelic Sales Agency, Post Office Department, Washington 25, D. C.

The present 7c airmail stamp was first released July 31, 1958 at Philadelphia, Pa. It was designed by William H. Buckley of New York.

The 4c Pony Express envelope design, due to differences in production, will be similar but not the same as that of the stamp, according to the PMG. This special imprinted envelope will be first placed on sale July 19 at St. Joseph, Mo.

Since the envelope will be embossed, it was necessary to modify the stamp design, especially in the placement of the lettering. The Pony Express rider will remain the dominant theme, racing towards the left.

The commemorative years "1860" and "1960" appear in the right part of the design, above and below the horse's tail. In the lower left corner

## Lawton-Ft. Sill Society Planning October Show

The Lawton-Fort Sill Stamp Club will host the 28th annual convention and exhibition of the Oklahoma Philatelic Society in Lawton, Okla. October 21-23.

The prospectus for this exhibition is now available from W. E. Shelton, P. O. Box 2045, Lawton, Okla. All exhibitors must be members of the Oklahoma Philatelic Society.

is the denomination "4c" and across the bottom "PONY EXPRESS". At the extreme right reading upwards, is "U. S. POSTAGE".

This envelope will be produced and distributed in size 6 3/4 (3 3/4 by 6 1/2 inches), with the background of the stamp printed in brown. A total of 50,000,000 has been ordered, and they will be distributed generally to post offices for sale (5c each) on and after July 20.

Collectors desiring first day cancellations may submit orders to the postmaster, St. Joseph, Mo., plainly indicating full names and addresses to whom the 4c Pony Express stamped envelopes are to be sent. Remittances of 5c per envelope must be included.

Addressed gummed labels may be submitted to be affixed to the envelopes, if desired. The outside envelope to the postmaster should be endorsed "First Day Covers 4c Pony Express Envelope".

As announced by the Post Office Department, the 4c Pony Express commemorative adhesive postage stamp, based on a design by Harold von Schmidt, will be placed on sale July 19 only at Sacramento, Calif. Collectors may prepare and send first day covers to the postmaster, Sacramento 1, Calif., in the usual way.

Mr. Summerfield also repeated his warning that orders for first day cancellations of the Pony Express postage stamp (Sacramento), and for the stamped envelope (St. Joseph) must be sent separately. Also, re-

quests for first day cancellations must not include orders for uncanceled stamps or envelopes.

Clarks Summit, Pa.

Carl P. Rueth

Many pleasant memories will fall with the walls of the 71st Infantry Regiment Armory in New York when they get around to its demolition. This is the building at Park Ave. and 34th St. wherein the annual ASDA Show has been held each November in the week preceding Thanksgiving.

I know I always looked forward to being there because it was one of the few opportunities possible to meet the many nice people who not only are our subscribers, but friendly subscribers. It is always like meeting members of a large and agreeable family.

The 1960 ASDA Show will be held there this fall, and possibly the 1961 as well. It'll depend on how quickly the red tape is cleared away and a buyer found. There should be no dearth of the latter since that corner is a valuable piece of real estate, scheduled no doubt for an office building, or a plush apartment house.

There is a possibility the ASDA Show might be moved to the Coliseum up at Columbus Circle. This should bring no difficulties inasmuch as transportation is definitely as ample as before, and there are adequate hotels in the vicinity. It is quite possible those who take booths might have to ante up a few more bucks than they did at the Armory, but that remains to be seen when the time comes. It is for certain the Coliseum would provide lots more room to house many more dealers.

A Memphis, Tenn. collector has some pertinent comment relative to a recent article in Linn's concerned with the distribution of plate number blocks. His letter is reproduced in part, herewith:

"As a plate block collector I have been very interested in a recent article taking the Philatelic Agency to task for requiring full sheet sales of values up to 20c in order to obtain plate blocks.

"I think the Agency's policy is reasonable. Its relaxation would not, in my opinion, greatly aid the individual collector.

"The writer's premise seems to be that if the dealer can get his blocks with less outlay of cash and trouble (in disposing of sheet remainders), he would pass this saving on to the collector. Possibly so, but I have seen instances which might indicate otherwise.

"Some time ago a large office in another state opened a Philatelic Window and, in the confusion of opening day, appropriate restrictions on plate block sales were not observed. Customers were sold any and all blocks available. Result? In a few hours local dealers had stripped the stock of all plate blocks. Individual collectors — for whom the window was set up — were left out in the cold and the clerk left with broken sheets of relatively hard-to-move items.

"Thus the problem of disposing of unwanted surplus was transferred from the dealers to the post office. Much more pertinent is the question of whether these blocks, bought with minimum effort and cash outlay, were offered to individual collectors for any reduction under normal prices.

"At this same office a supply of 15c airmails (Scott #C8) was discovered. A few dealers quickly snapped up the entire supply at face value. Will anyone seriously contend that these stamps were offered at anything less than their current market price of about 40c per stamp . . . even though they were bought to good advantage?

"Let's face it, gentlemen. Relaxing of Agency standards could mean, in realistic terms, that a hoarder

Back-Dated Cancels  
On Philippine FDC's

The Philippine Islands Post Office Department has announced the May 26 release of the Jose Abad Santos stamp, with cancellations applied as of May 2. This eleventh item of the Famous Filipinos set was not ready for sale when the May 2 death anniversary date of the hero arrived.

The value of the newcomer is 2c, color mineral gray. Printing was in an edition of 15,000,000 in size 22 x 26mm.

Santos was born in San Fernando, Pampanga, February 19, 1886. He died May 2, 1942, tortured and slain by Japanese invaders for refusing to "cooperate" with them in the Malabang, Lanao area.

Grant County "Y" Club  
Elects And Plans Show

At a recent meeting of the Grant County Y Stamp Club of Marion, Ind. the following officers were elected: president, Syd Goldfield; vice president, John W. Hiatt; social secretary and treasurer, Mrs. Thelma M. Goldfield; and recording secretary, Orman Moulton.

The group meets at the YMCA on the second Thursday and fourth Wednesday of each month. All clubs in Indiana are invited to attend meetings and to correspond. Mr. Goldfield's address is 2113 W. 8th St., Marion, Ind.

A stamp show tentatively called GRAPEX is scheduled for the first week-end in June.

or dealer with ten or ten thousand dollars to spend would simply be able to corner more plate blocks with a given amount of money. Whether or not this would ultimately result in reduced prices to Joe Doe in Kokomo remains to be seen.

"The Philatelic Agency has tried to set up standards that will benefit collectors. If hoarders and big operators aren't happy, just remember the Post Office Department and its Agency weren't set up for their benefit."

In the U.S. NOTES of May 16 was pictured a vertical pair of the 17c Presidential with but three perf holes between the stamps.

As a result of that item a similar pair has been reported of the 4½c Presidential. It too has but three perf holes — the paper still in those holes, but cut through all the way. This duo is the property of Bill Chernick of Winchester, Ky.

Mr. Chernick states that he acquired this some time ago for his collection of oddities. He did not reveal the buying price, or the current market value. The latter is generally determined when such a piece is offered at public sale where a number of persons have an opportunity to bid on it.

The Precancel fraternity is up in arms again because the Philatelic Agency will not stock precancels, or allow their sale in the cities where used to collectors indiscriminately, and for the fact that the Information Service of the Department does not produce news bulletins anent new and current precancels.

Officials of the POD have stated . . . "It has been determined that it would not be practicable for the Philatelic Sales Agency to stock and sell various Bureau Precancels. There are so many varieties that a staff of at least double that maintained at present would be required and the funds for such added personnel are just not available."

A highly inflammatory piece of literature — on yellow paper — has been mailed out to various persons by one who is much interested in the health of the specialty. Perhaps some of you have read it. I can't say anything commendatory about its contents since it is not a fair or factual presentation or assessment of existing facts.

There is one thing about going after what you want in a decent way, and the opposite. Further, the other fellow has something on his side which this literature unfairly discounts.

The Precancel group would do well to straighten up the writer of the piece with a few facts of life. It is losing good will and sympathy with productions as above-mentioned.

Canal Zone POD To  
Honor DIXIPEX III

In tribute to the DixipeX III Stamp Exhibition being held at Birmingham, Ala. June 1-30, E. F. Unruh, Director of Posts of the Canal Zone, has prepared a special cancellation to apply to all DixipeX III cacheted covers mailed from the Zone on June 25, Convention Day for the Dixie Stamp Collectors.

Collectors may obtain covers bearing the cancel by mailing envelopes with the proper address, and remittance in the amount of 4c for surface mail, or 7c for airmail, to the Postmaster, Balboa, Canal Zone, marking the outside envelope "For DixipeX III Cancel, June 25th". It is recommended that only money orders or certified checks be sent.

Collectors who desire the "official" DixipeX III Cacheted Canal Zone Cover, honoring Dr. William C. Gorgas, a native Alabamian, and bearing the special DixipeX III Zone cancel, may order from Raymond J. Rowell, Sr., 1640 Steiner Ave. SW, Birmingham 11, Ala. They should remit 20c for each cover desired. All covers will be mailed from the Canal Zone.

A feature of DixipeX III will be a Canal Zone Post Office where all Zone postage issues, now available and including some obsolete issues, may be purchased at face value. It was because of the sponsorship of this "post office" that Director Unruh decided to honor DixipeX III.

Full information on DixipeX III may be had by sending a stamped addressed envelope to Mr. Rowell.

Chile New Currency  
Replacement Stamps

Chile has just released two more stamps in the new currency to replace two of the former Peso adhesives, according to Guillermo Preuss, Casilla 3794, Santiago, Chile.

The former 5P. brown depicting President M. Bulnes has given way to a 5 millesimo of grayish green color. The old 5P. LAN airmail was succeeded by a new 5m. light blue green item "about March 23". The

trian National Printing Office, Vien-  
na.

A 3 Pesos souvenir sheet appeared

mark the 40 years of commercial  
flying by SCADTA and Avianca,  
while May 24 brought a 60c airmail  
in tribute to the United Nations,  
Mr. Mussenden added.

**UN PAIR**  
(Continued from page 1)

(issued October 24, 1958) and the 4c  
and 8c Human Rights Day stamps  
1958 (issued December 10, 1958).

**Destruction of 6c airmail stamps**  
—Remaining stocks of the 6c air-  
mail stamp (initially issued Decem-  
ber 14, 1951 in an amount of 2,000,000  
and reprinted July 1958 in an amount  
of 500,000), will be destroyed. The  
last day of sale for it will be July 31.

**Stamps withdrawn from sale**  
—The last day of sale for the 3c and  
8c International Atomic Energy  
Agency stamps (issued February  
1, 1958) and the 3c and 8c Central  
Hall stamps (issued April 14, 1958)  
was January 31.

The UN Postal Administration an-  
nounces that the following quan-  
tities of these stamps are in circula-  
tion: 3c IAEA—3,663,305; 8c IAEA—

**New slogan cancellation for Fifth  
World Forestry Congress**—The UN  
Postal Administration has announce-  
ed the procedure to be followed by  
those interested in obtaining copies  
of a new slogan cancellation which  
will be put into use August 30  
through September 9 reading "5th  
World Forestry Congress, Seattle,  
1960."

Collectors may send in a reason-  
able number of addressed envelopes  
affixed with UN postage stamps to  
the UN Postal Administration, United  
Nations, N. Y. The UN Postal  
Administration will not accept pay-  
ment and/or affix stamps to covers.  
The outside envelope must be clear-  
ly marked with the word "Slogan".

Since each envelope will be re-  
turned individually through the  
mail, sufficient stamps must be  
used to cover the cost of return  
postage. A filler of medium weight  
should be placed in each envelope,  
with the flap turned in. A poor cover  
might result if no filler is provided.  
United States stamps are not ac-  
ceptable as postage.

All requests for the slogan can-  
cellation must be in the hands of  
the UN Postal Administration by Au-  
gust 24. Requests received too late  
for cancellation on August 30 will  
be given cancellation as soon as pos-  
sible thereafter.

**UN First Flight Covers**—In the  
past the UN Postal Administration  
has, in part, handled the servicing  
of first flight covers for first flights  
originating from New York and bear-  
ing cancellations of the UN Post  
Office Station. In the future, effective  
immediately, such servicing will  
be handled entirely by the UN Post  
Office Station, which is operated by

the U.S. Post Office Department on  
behalf of the United Nations.

Collectors wishing to avail the  
selves of this service should note  
the following:

1—Covers should be sent to the  
Superintendent, UN Post Office Sta-  
tion, United Nations, New York, N.  
Y., and should reach him five days  
before the date of the flight.

2. All covers should be addressed  
and must have the correct amount  
of United Nations airmail postage  
already affixed.

3.—The outside envelope must  
bear the words "First Flight Cov-  
ers" and must indicate the date  
and destination of the first flight.

4.—It should be noted that covers  
will be serviced only for first flights  
departing from New York.

5.—Only covers bearing UNITED  
NATIONS postage stamps will re-  
ceive a United Nations cancellation.

6—Any enquiries about orders  
should also be addressed to the Su-  
perintendent of the UN Post Office  
Station.

7.—In other respects the normal  
U. S. regulations regarding the ser-  
vicing of first flight covers apply,  
including the one that covers al-  
ready postmarked or posted in the  
usual way will not receive the can-  
chet(s).

## E. M. REMLEY

Box 341 Mount Dora, Florida

St. Peter's in Rome! Of great religious and historical importance, this majestic Basilica will thrill and inspire Linn's London Tour participants when they visit Italy, Rome and the Vatican. The party will leave England July 15 for a two weeks tour of Germany, Switzerland, Italy, and France before taking off from Paris July 29 for home.

Extra Special Attraction  
For London Tour Party

An "extra added attraction" has been arranged especially for those taking Linn's London Tour to Europe, July 8 to 29 inclusive. The Swiss Postal Administration has graciously invited members of the party to be its guests on the afternoon of July 21 when in the capital city of Bern! This will be a feature which neither the collecting nor non-stamp collecting members of the party will want to miss.

It begins with a reception at 2 p.m. at the beautiful Hotel Schweizerhof where the Tour Group will have its residence in Bern. Following, will be the transfer of all by special deluxe postal motorcoach from the Hotel to the Swiss Postal Museum. Here time will be provided for a visit of the unique collection and exhibition of stamps as well as other objects connected with the posts. At 3:15 p.m. there will be an excursion in the immediate vicinity of Bern with possibly a visit to the short wave transmitter of Switzerland at Schwarzenburg. The return to Bern and the hotel will be at approximately 6 p.m.

It has now been established that the deadline for reservations on the Tour is June 15. Because of the tremendous demand for transportation and hotel space during the summer season many who have not previously made such reservations will not find it possible to go abroad. They would have to get in line for any possible cancellations which might become available through the airlines and ship lines.

However, those going on Linn's London Tour will find that they have transportation over and back by TWA Jets; that all hotel accommodations are solidly booked and awaiting their appearance; and that interesting tours await them in the five countries to be visited.

The first is England where an international stamp exhibition is to be held. Next comes Germany where one of the attractions will be a boat trip up the scenic part of the Rhine River past the Lorelei and the almost vertical vineyards along the sides of the mountains forming the river banks. Then three days in Bern, Switzerland including an all-day trip into the Alpine regions. Rome, Italy is the next stay — for three days — where a trip to Vatican City is also included. The final stay will be at Paris, again for three days.

In all places there is a leisurely stay provided. While special tours have been set up for the Tour Party there is also plentiful time for visiting around on one's own, or shopping. Hotels are first class which anyone having previously visited Europe will state are desirable accommodations indeed.

Those planning to go must make their passport applications at once for it usually takes no less than three weeks. Further information can be gotten from Linn's Weekly Stamp News, or from the Marks Travel Service, 400 Third National Bank Bldg., Dayton, Ohio which is cooperating in making the outing possible.

Carl P. Rueth, editor of Linn's will be the tour conductor.

Nashville Dealer Issues  
"Stamp Trade Dollars"

Reminiscent of the encased postage stamps of the early Civil War period are the "stamp trade dollars" being published by Murray Brosius, "The Tennessee Trader", of Nashville, Tenn.

Each piece is duly inscribed as good for \$1 in trade at his address, while the back is supplied with one or more stamps having an actual retail value of \$1. The entire piece is then encased in a 3 x 4 plastic mount, complete with the legend "Guaranteed not to be from the collection of ex-king Farouk".

## Italian Area Developments Recall Three Major Events

Pierson Ostrow

Italian stamps noting the story of "The Thousand", the birth of the Italian language, and the centenary of a "Little Machine" are prominent in today's philatelic developments. Italy's promised set to mark the centenary of the "Expedition of the Thousand" appeared May 5. Its values—15 Lire brown, 25L. carmine rose and 60L. blue—tell a fascinating story.

The 19th century was the age of adventure, and there is a no more stirring adventure tale than how 10,000 men, operating with only the "benevolent neutrality" of their native land, conquered for Italy an island with an area of almost 10,000 square miles and a population of almost 4,000,000.

"The Thousand", as they have come to be known, were captained by Giuseppe Garibaldi, who had led so many of the campaigns for the unification of his country. Most of his followers were veterans of those campaigns.

They came, not from Sicily itself, but from the north of Italy—Lombardy, Venetia, Emilia. They were armed with little more than muskets, which came from a "National Fund", and many of the weapons promised never arrived.

In the dead of the night of May 5, 1860, aboard two vessels "loaned" by the shipping firm of Rubbato and Co. the small expedition steamed out of the harbor of Genoa. It landed at the port of Marsala, Sicily May 11, to face a Bourbon army of 23,000.

Yet, in the face of these terrible odds, the conquest of Sicily had been virtually completed by the end of August. Then Garibaldi crossed the straits of Messina to invade what was then the Kingdom of Naples.

This final campaign terminated victoriously when Garibaldi and his volunteers came face to face with the Italian army led by King Victor Emmanuel. The historic meeting took place at Teano, outside the city of Naples, October 26, 1860. Except for the city of Rome, the unification of Italy was complete.

The three stamps are each inscribed "Spedizione dei Mille" (Expedition of the Thousand) and the centenary dates, 1860 and 1960.

They illustrate a trio of significant incidents of the 1860 campaigns. The 15L., designed by G. Savini, reproduces the proclamation made by Garibaldi when he landed at Marsala.

"Siciliani: all'armi dunque! Chi

non impugna un'arma e' un codardo od un traditore della patria". (Sicilians, to arms! Whoever does not take up weapons is a coward or a traitor to his country).

The 25L. was engraved by E. Vangelini. It shows the meeting of Garibaldi and the Italian King at Teano. This same scene was shown on the 20c and 30c stamps of the first Garibaldi set of 1932.

The 60L., engraved by E. Donini after a painting by G. Induno, shows the "Thousand" embarking from the rock of Quarto near Genoa, with the two Rubattino vessels, the "Piedmont" and the "Lombardy" in the background.

All three are in panes of 40. The 15L. is printed by photogravure on star-watermarked paper, perforated 14, and the sheet margins bear inscriptions of value, and similar data. The other two values are engraved on unwatermarked paper, perf 13½x14, and the sheet margins have, instead of written inscriptions,

Correcting a Story—Speaking of history, this is a good time to correct a very silly historical error that we made in our last column. At that time, we spoke of an "anniversary of Monte Cassino". Sister M. Lucy of Ferdinand, Ind. was good enough to write us and point out how very wrong we were.

Actually, the anniversary was not that of Monte Cassino but of what is generally considered as the "birth" of Italian as a written language. The event occurred at Monte Cassino, but more than 200 years after it had been founded.

Let us, for the sake of accuracy and because the story is an interesting one, re-tell it!

It seems that a dispute was in progress regarding certain lands claimed by the monastery, and a scribe, preparing the testimony of a legal hearing, sandwiched in between a mass of Latin a little phrase in miserably-spelled Italian.

It read, "Sao ko kelle terre per kelle fini que ki contene trenta anni le possette parte Sancti Benedicti" (I know that those lands within those boundaries that are here contained, for 30 years were owned by the party of St. Benedict).

The quotation is that of an Italian peasant appearing before a Judge, Justice Arechisi at Capua, sometime in March of 960 A.D. The "party of the second part" (who lost his case) was one Rodelgrino of Acquino.

The importance lay not in the parcel of land nor in the legal verdict, but in the fact that here, for the first time, Italian was set down in written form. We apologize for having so wretchedly mangled the story of this interesting event!

The "Little Machine" — Now let us take a look at Italy's Pacinotti set (Scott 322-23). We mention the stamps because the city of Pisa is preparing to celebrate the centenary

of Antonio Pacinotti's dynamo — the "machinette" or "little machine" as Pacinotti called it.

In the hundred years that have elapsed since its construction, the tiny coil of copper in a magnetic field has grown to a size large enough to light cities, move trains and melt metal, but its basic composition has changed but little.

The giant generators of today are still the grown-up children of the first "little machine". The prototype original is still preserved in the Institute of Physics of the University of Pisa. It is carried on the University's inventory at the magnificent sum of 125L.—or about 20c!

## OFFICIAL FIRST DAY COVERS

## LET'S LOOK AT THE RECORD

Perhaps a word about OFFICIAL First Day Covers would be in order — When the Post Office Department announces a Special stamp for some organization, ordinarily that organization sends letters to many of the cachet makers, asking them to submit sketches of their cachet design for this particular stamp.

When these sketches have been received, the organization calls a committee meeting. The committee then selects what it considers the "Best Design".

Over the years, FLEETWOOD designs have been selected by more National and International organizations than those of any other cachet makers—just a matter of record.

Examine these cachets and we feel sure that you will see why they have been selected as the OFFICIAL designs for the various organizations. We spare no time or effort to make our envelope designs the finest.

There are no finer cachets than FLEETWOOD.

### FLEETWOOD COVER CLUB

It is quite an advantage TO YOU to be a member of our club. You will receive all of these beautiful designs as they are released and there is a saving. Drop us a line for full particulars. ### Pony Express Group Offers Rerun Covers

Sale is now being made of 1000 special letters which will be carried by pony express across eight western states beginning July 19 during a nine-day reenactment of the famous Pony Express.

The National Pony Express Centennial Assn., a nonprofit organization formed by the governors of the eight states through which the Pony Express trail runs, is selling the covers at \$100 each. Proceeds of the sale will be used to mark the trail, establish monuments and cover expense of the 1960 horse-carried mail delivery.

Half of the letters will leave Sacramento, Calif., July 19 bearing the Pony Express 4c stamps which will go on sale there that day. Post Office Department first day cancellations will be placed on them.

The other 500 will be sent west from St. Joseph, Mo., that same day. Pony Express 4c adhesives will be flown by Air Force jet to St. Joseph especially for them.

Horsemen will carry the mail across eight states between Sacramento and St. Joseph. Only official, standard letters prepared by the Centennial Association will be carried. Each will be given a serial number and a permanent record of ownership will be maintained.

The letters will have two faces and will be mailed and canceled on departure and then remailed in the destination city so that its cancellation also will appear. They will then be sent under cover to the addressees.

Orders may be sent to the National Pony Express Centennial Assn., 2998 Connor St., Salt Lake City 9, Utah, specifying St. Joseph or Sacramento as originating mailing point. Sales will be limited to two letters each way for any purchaser.

### Satevepost Writer Weighs POD "Waste"

The uninformed critics who bemoan the "waste" involved by the Post Office Department in issuing commemorative stamps "just for collectors" are finding poor solace in May 28 Saturday Evening Post article. Instead of a POD loss, according to writer Ben Pearce enough people are buying collectors' stamps to net the Department about \$25,000,000 a year.

His "Tales of the Stamp Collectors" notes that this profit is unusual because in all its activities, from Maine to Okinawa, just one division of the Post Office balances its books in black ink — the division which sells stamps that are never used.

Pearse reports that the postal system as a whole, with 45000 outlets doing an annual business of \$2,500,000,000 hasn't shown a profit since Benjamin Franklin cleared nearly 3000 Pounds a year running the system for King George III.

The article says that nobody knows exactly how many philatelists—or stamp collectors—there are. However, some experts estimate that there are 20,000,000 in the United States.

In any case, Pearce writes, the number seems to be increasing and business is nearly 25 per cent ahead of a year ago at the Philatelic Sales Agency in Washington.

Stamp collecting is called one of the kindest-to-the-budget hobbies in the world, but the business of grabbing for a handsome, quick profit is likened to a long shot paying off in a horse race. It works out that stamps, like horses, generally are more entertaining than profitable for the speculator.

### Buenos Aires Stamp Show Mid-September

An important inter-American philatelic exhibition will be staged in Buenos Aires, Argentina September 10-17 to commemorate the sesquicentennial of the revolution of May 1810. Known as "EFIMAYO-1960", it will be sponsored by the Federation of Argentine Philatelic Societies and will enjoy the support and indorsement of the Argentine Postal Administration.

A formal prospectus is being prepared, to be sent to collectors requesting it. Philatelists who wish to participate may make a provisional application now, stating the type of material they wish to show and the number of frames (16 pages per frame) they require.

This information may be sent to Ernest A. Kehr, c/o Herald Tribune, New York 36, N. Y. He is again serving as both U. S. Commissioner and member of the jury.

This exhibition originally was planned to be held in Cordoba, in May. However, since the capital is certain to attract many more visitors, and because its exhibition facilities are much greater, the site was changed to Buenos Aires.

The date was postponed in order not to conflict with either the Barcelona or London shows, and also because September is the best of the spring months.

### Philatelic Literature Collection To Library

The extensive philatelic literature collection formed over many years by Dr. Willis E. Kerr of Claremont, Calif. has been given to the Pomona (Calif.) Public Library. The collection will be available to the public for reference.

The philatelic literature section will be known as the Willis Kerr Philatelic Library, with Burton W. Cohoon as curator. It is planned to add to it by donation, exchange and purchase in the hope of forming one of the outstanding philatelic libraries in the country available through a public library.

## Miracle-View envelopes

In the philatelic world, better products are naturally more expensive. The wise collector knows that in considering two products it is only sensible to purchase the better.

The Miracle-View envelope is a case in point. Without a doubt it is far superior to the ordinary type of glassine envelope. Made of acetate and completely transparent, Miracle-View envelopes reveal the beauty and personality of your stamps and covers while protecting and insuring their longer life.

To continue giving you the quality you want, the manufacturer has been forced to increase all prices of Miracle-View envelopes effective Friday, June 10th, 1960. Below is a list of current prices and price changes effective June 10th. Order now before changes.

### India's Early Postal System In New York

"Postal Communications In India, 1773-1834" is the title of an interesting and enlightening 5 1/2 x 8 1/2, 36-page booklet compiled by B. B. Misra and published by the Manchester University Press in England. It is a reprinting of selected pages from the records of the Central Administration of the East India Co., for the period concerned.

The accounts begin with horse and foot couriers of the distant past—the latter covered one third of a mile each at top speed, and reputedly made better time than the mounted riders—and carry through to the organization of a reasonable semblance of postal service under the British administration. Then, even as today, poor pay was blamed as a factor in getting and keeping good employees.

The book is interesting reading, and especially valuable to the student of Indian postal history. Other stamp and history enthusiasts can hardly find it much less so, even though not particularly concerned with the Indian background as such.

The item is letterpress printed and paper bound. It is available at 65c postpaid from Robson Lowe Ltd., 60 Pall Mall, London SW 1, England.

### German Catalog Of Antarctic Philately

The subject of Antarctic philately—stamps, covers and otherwise—is well handled in the German language booklet "Die Post in der Antarktis" by Hans Egon Vesper. It is a 4 1/4 x 7 1/2, paper bound work, with numerous illustrations.

Its 160-plus pages lead off with a map of the South Polar area and carry on with illustrations of many stamps, covers, cachets and other related items. One such is the farewell note of Robert Scott who died on his return journey after having reached the South Pole January 17, 1912.

Covers shown include examples from Adm. Byrd's expeditions of 1929 and 1935, not to mention assorted covers and cancellations of the past few years of Antarctic explorations. The work is interesting scanning for anyone; for the Polar collector acquainted with German, it should be most interesting reading.

While published in Dueseldorf, Germany, it is obtainable in this country at \$2.75 postpaid from Fritz Billig, 168-39 Highland Ave. Jamaica 32, N. Y.

### 'Masonry On Stamps' Unit Forming In ATA

Masonic stamp collectors are now being organized into a new special Masonry on Stamps Unit of the American Topical Assn. by Clarence Belmann, long time expert Masonic collector. The first project of the Unit is the publication of "Masonic Stamps of the World", Handbook No. 29 of the ATA.

Authored by Mr. Belmann, it will not only include United States Masons, but completely cover foreign Masons as well. Years of research have provided detailed biographies and complete stamp checklists for 70 U.S. and 110 foreign Masons. Special sections are devoted to American presidents and foreign kings who were Masons.

A special prepublication price of \$2 has been set for a limited time only. Orders as well as requests for information about the Masonry on Stamps Unit of the ATA should be sent to the ATA, 3300 N. 50th St., Milwaukee 16, Wis. Requests for information should include stamped addressed envelopes.

### 50-Star Show, FDC's In Honolulu July 3-4

A Fifty-Star Exhibition is planned for July 3-4 in Honolulu, Hawaii, for the first day of issue of the 50-Star Flag stamp. It will be sponsored by the Hawaiian Philatelic Society and the Pacific Command Philatelic Society.

The event will be held in the Iolani Palace which was the seat of government during the Hawaiian monarchy. It remained such under the provisional rule, then the territorial government and now is the "capitol" building of the fiftieth state. But no one calls it "Capitol", it is still "The Palace" in local talk.

The display will emphasize first day covers, first flights in the Pacific area, United States and Hawaiian Stamps. Some very rare stampless covers from mail between the Hawaiian Islands prior to the famous Missionary stamps will be shown. Possibly a few of the rare Missionary issues will be exhibited. A special Hawaiian Court of Honor section will exhibit pioneer first day covers, that is, those before 1930.

The Hawaiian and Pacific Command Philatelic Societies will offer the official first day cacheted envelope designed by Richard P. Groves, photographer's mate 1/c, USN, Honolulu, for use with the 50-Star Flag stamp to be issued July 4 at Honolulu.

Serviced covers are: with one stamp, 15c; pair, 20c; block of four, 30c. If the covers are to be returned unaddressed under separate cover, a size 10 envelope, stamped and addressed, should be furnished.

Orders and inquiries should be sent to Richard P. Groves, 2559 Kiebahn Pl., Honolulu, Hawaii. For late orders a supply of unaddressed covers will be available.

REVIEW**

**Francis J. McCall**  
2725 29th St. N.W.  
Washington 8; D. C.

Word has been received from Gene N. Johnstone, Highland, N. Y., of formation of the new "King George VI Study Group". A newsletter is planned for circulation to all members six times a year.

This is an era in British philately which badly needs research, study and publication of findings. The Queen Elizabeth II Commonwealth Collectors Society is doing a remarkable job in its specialized field, and it is to be hoped that this new group will provide answers for some of the perplexing problems which resulted from many emergency issues of World War II.

Collectors interested in learning more particulars about the group should write the secretary, F. R. Saunders, 65, Westbrooke Ave., West Hartlepool, Co. Durham, England.

**Correction**—In writing about the Kenya's Dhow stamps in the column of May 16, we mentioned Die II of the KGVI 50c value as the good one. Actually we should have written "Die I". Our thanks to Mrs. James T. Ryan, Washington, for calling this to our attention. Sorry.

**Canada**—Announcement of the new 10c aerogram scheduled for release July 4, should prompt postal stationery enthusiasts to action. About 2,000,000 forms of the old type remain in stock, but we can be sure they will not last for long.

No FDC's will be serviced on the new form, but unused copies may be purchased from the Postage Stamp Division, Ottawa, Ont.

**Malaya**—The Crown Agents have released sales figures for the "Inauguration of Parliament" set, as follows: 4c, local—4,821,493; Crown Agents—47,200; total—4,868,693; 10c—11,402,734; 44.810; 11,447,544; 25c—988,811; 44,680; 1,033,491.

**New Zealand**—The Westland Centennial set of three—2d, 3d and 8d—placed on sale May 16 will be withdrawn August 31, unless supplies are exhausted earlier. The stamps, portraying classes of people linked with the earliest days of Westland, were printed in single colors by the photogravure process by Harrison & Sons.

The printer's imprint is shown on the bottom left-hand corner of the sheet while the plate numbers 1 and 3 appear above the third stamp in the top row in the 2d and 8d denominations respectively. For the 3d value, plate number 4 is in the left-hand selvage near row four. There are 120 stamps (6 rows of 20) to the sheet. (New Zealand Philatelic Bulletin).

**A word to the wise**—We have word from the editor of the Commonwealth Courier, the monthly supplement to the Commonwealth Catalogue, that Ghana's recent Football issue is in really short supply. Tentative sales figures show approximately 1000 fewer sets were sold than the Black Star issue.

**Briefs**—The 6d definitive of Malta appeared January 18 in a new deep greenish slate shade, and Negri Sembilan, one of the Malayan States, issued a new shade of bright green for the 8c definitive. British Guiana released a deeper greenish gray color for the 2c definitive on March 22. All are worthy of collecting and will be listed and cataloged by Commonwealth.

The new 65c and \$1.30 values of Hong Kong, scheduled for June 20 have been printed in sheets of 100 (10 x 10). The Postal Centenary set of British Honduras, to be released July 1, will be prepared in sheets of 50 (5 x 10).

A new definitive set for Trinidad and Tobago is being prepared by Harrison. The number of New Zealand Red Cross stamps sold was 3,699,118.

**BULLETIN BOARD**

A new one to come to our desk, the "PMCC BULLETIN" official organ of the Postmark Collectors Club. It is not exactly a Precancel Journal but surely a close kin. The Bulletin was mailed from Cleveland, Ohio with a pair of 1c Liberty Bureau coils in the narrow type. Write Herbert Harrington, 1581 Dexter Pl., Suite 3, Cleveland 13, Ohio if you are interested in postmarks besides Precancels.

The "Kansas Precancel News" in with a 1/2c and 2 1/2c Liberty from Newton, Kans. in U-2 type. The Kansas Precancel Society is now the largest group of precancel collectors in the U. S. A. — or the world, for that matter. If interested in Kansas precancels or the mid-west states write the society at Box 1335, Wichita 1, Kans.

#### NEW HAMPSHIRE CATALOG

Richard J. Coda, Sr., publisher of the Gunesch-Coda Bureau Issue Precancel Catalog, has just released the first edition of the new-styled catalog of New Hampshire precancels. This catalog will fill a long felt need by collectors who have not had a catalog of New Hampshire precancels since 1942.

An entirely new format has been devised by Mr. Coda in presenting the listings of the various precancels. First, and probably most important, all the various precancel types are illustrated to exact size thus making it an easy task to determine which stamp you have.

Pricings of these precancels has been determined largely on the basis of Stanley Gibbons price list for United States stamps. Non-precancel dealers will find this catalog extremely helpful.

The basis of this catalog was formed from the tremendous collection of the late Edward F. Stillings who passed away while the work was in progress, and to whom the edition is dedicated.

Crandall R. Wallenstein of North Weare, N. H. is the editor. There are 20 pages, 5 1/2 x 8 1/2, loose-leaf, punched for three-ring binder. The price is 50c from your favorite dealer or direct from the publisher, Richard J. Coda Sr., 94-96 Branford Pl., Newark 2, N. J.

## One More Egyptian Converted To "UAR"

One of the world's most attractive stamps, the seldom-seen UAR high value £E1 (one Egyptian pound: \$2.80 U.S.), is beginning to show up in used form in the Middle East with the "UAR" overprint in red on the Egyptian basic stamp on Faroukian monogram and crown paper, according to Linn's Mid-East correspondent Bruce Conde.

The tiny red "UAR" overprint in English is tastefully tucked away behind Pharaoh Queen Nefertiti's head, vertically arranged, on the green background. The corresponding Arabic "long form" is superimposed in minute red letters partly in front and partly on the shoulder of the bust. As the overprint color complements the basic green of the stamp, an attractive variety is thus created.

Originally issued in 1953 (Scott's No. 338, Type A112) the stamp is printed in dark green, dark brown and red, with delicate flesh-colored shadings of the Pharaonic statue and inconspicuous and artistic inscriptions complementing rather than detracting from the design.

Issued February 22 in overprinted form, this is the last of the old stamps of Egypt to be converted to UAR postal paper.

## Full-Color Covers And Cards For July 4 Stamp

"It may be a long time," suggests Al Boerger, Box 15 Stn. "A", Toledo, Ohio, "before cover collectors have another chance to work with a new star in the Flag." With that in mind, he is offering an unusual assortment of covers and cards—six in all, and several in full color—to mark the July 4 historical change in the Flag.

As outlined in his advertisement in this issue, they provide for the last day of the 49-Star Flag, first day of the 50-Star Emblem, and other interesting single and combination arrangements. One card and one cover feature both the original 13-Star and the new 50-Star designs.

The Israel stamp program begins with the Atomic Reactor stamp in the denomination of 50 agorot (28c U.S.). This multicolored adhesive—blue, gray and red—was designed by P. Kor of Tel-Aviv and printed by Lewin-Epstein of Bat Yam, Tel Aviv, in photo-offset. Its release is scheduled for July 6.

The technological advancement of this small Asiatic democracy is very properly reflected by the issuance of this commemorative to mark the completion of the first atomic reactor in Israel. For that matter, it is the only one of its kind in this part of the world.

The stamp as well as the tab depicts the symbol of the atom. Close inspection will reveal the artist's skillful incorporation of the Star of David into the design of the atomic symbol.

This symbol was previously shown on the Israel's 1956 set noting the death of Albert Einstein. Israel collectors in this country, and especially collectors of Americana, may be interested to learn about the great contribution our country made in building this reactor. In brief here is some background information:

Following the 1956 Geneva Conference on the peaceful uses of atomic energy, Prime Minister Ben-Gurion appointed a committee to examine the various types of research reactors available in the U. S. In 1957 a bilateral agreement was signed between Israel and the U. S. which provided for the construction of the reactor unit in Israel and for the training of Israeli personnel in the States.

The Israel Atomic Energy Commission was responsible for the construction of the building while the \$350,000 reactor itself was provided

will show three Kings of Israel: Saul, David and Solomon, after designs by A. Caldron of Ramat Gan, Israel. Printing will be by photo-offset. It is interesting to note that both Mr. Caldron and the designer of the last airmail series are newcomers to Israel philately.

World Refugee Year—The participation of Israel in the World Refugee Year program was previously reported in this column. However, we should like to refer our readers to a rather interesting cover which we now show. While printed in the Netherlands it was prepared by the United Nations World Refugee Organization and flown to Israel.

There it was duly franked with the Refugee Year set and canceled on the first day with the special cancellation Israel prepared for this event. Only 5000 were prepared and all were donated by the Israel Postal Administration to the World Refugee Organization. Israel also contributed mint stamps of the Refugee set to this great humanitarian cause. Shalom — Peace be with you.

Scientists point out that "Kivshan"

This unusual first day cover of the Israel World Refugee Year set was prepared by the United Nations World Refugee Organization, printed in Holland, and flown to Jerusalem for FD servicing. Only 5000 were prepared, and all were contributed by the Israel Postal Administration, along with a supply of the mint Refugee set, to the UN World Refugee Organization.

by the U. S. Government in the form of a special grant. The reactor was built by the American Machine and Foundry Co. The Israel Government spent the equivalent of \$450,000 on the building. The construction work was done by Solel Boneh contracting corporation.

Dr. Y. Pelah who studied in Jerusalem, Amsterdam and Brookhaven is in charge of the reactor. The unit—"Kivshan" as it has been named—is designed for nuclear chemical and physics research and the production of radioactive isotopes for medicine, industry and agriculture. At the start it will have caloric power corresponding to 1000 kilowatts, rising progressively to 5000KW.

Scientists eagerly await its going into operation, since it will enable them to study the influence of radiation on a variety of biological processes, particularly on the hereditary properties of living cells and on the conservation of food.

Scheduled research on the resistance of materials to radiation will help the plastics industry, as studies
